 Bluetooth v4.0

Take your music anywhere, turning everything from a window to a table into a speaker. The sonic system with Cyclone vibrates like a regular speaker but amplifies these vibrations to allow them to resonate through anything; from a desk or window to a cup or cardboard box. This means you get the power of a much larger amplifier and speaker into a portable package. Turn your whole environment into a speaker with Cyclone.

Specifications

- Bluetooth Version: CSR 4.0

Bluetooth Chipset: CSR8635

Bluetooth Frequency: 2402-2480MHz

Bluetooth Profiles: HFP, AVRCP, A2DP
- Battery Type: Li-ion

Battery Capacity: 3200mAh
