finished with solid construction

**Gas spring**

creates smooth and quick transitions

One of the most tiring aspects of a desk job is sitting at a desk. As the day goes on, your posture gets worse and then you get in a car and sit longer to drive home. No wonder you're exhausted. Our DWS06 Series is an easy-to-use solution to convert your existing desk into a Sit-Stand environment whether you're in a cubby or a large office.
