Planning your next trip? Keep your gadgets powered and your beats playing with PowerBeat, an innovative, lightweight true wireless stereo earbud with best in class technology that gives you the freedom and comfort to listen to your tracks or communicate on the go for up to 3 hours. The 5000mAh portable charging doubles up as a power bank that can charge any USB chargeable device. While the power bank can charge an iPhone up to 1.5times, the earphones are a music companion as you wait at the airport lounge or grab breakfast before that important meeting. Perfect for those who are always on the go for business or leisure, PowerBeat combines cutting edge technology with convenience and style. PowerBeat, a single device for all your power and entertainment needs.
