4-in-1 Game Card Reader with Remote (G1002E)

Supports Nintendo Switch/ Switch OLED Console.

Description:

This UNITEK Switch game cards reader is compatible with Nintendo Switch/ Switch OLED, and supports reading 4 game cards. Gamers can switch between games by pressing the button on the dock or via the remote control.

Product Features:

- **Remote Control to Switch Games:** By Inserting the game cards into the Game 1-4 card reading slots, users can use the LED switch button on the device to quickly switch between games. You can also use a wireless remote control for switching games.
- **Integrated Design:** The multi-game reader can be securely fixed on top of the Switch official docking station. Users simply need to attach the game card reader to the cradle at the bottom. No worries about the ventilation vent being blocked and affecting console cooling.
- **Protecting Your Game Cards:** Unitek Nintendo Switch game card reader can largely reduce the frequency of inserting and removing game cards, prolonging the lifespan of your beloved game cards without damaging the game cards' metal contacts.
- **Plug and Play:** Simple connection, Spring-loaded locking slots, insert the game card by “pressing” it in. Easy to use and no tedious installation and setup steps.
*Dock station is not included
