

HDMI KVM EXTENDER Over Network Cable

Model Code: LKV373KVM-4.0

This HDMI KVM extender consists of two main components: a transmitter unit (located at the local site) & a receiver unit (positioned at the remote site). It can effectively extend HDMI signals up to a distance of 120 m using Cat6 network cables, supporting resolutions of up to 1080p@60Hz. This extender facilitates remote access to a computer system through USB connections (USB keyboard & mouse). It proves to be an ideal solution for environments like factories, construction sites, or any installation where it's essential to have the console easily accessible. Furthermore, it serves practical purposes in terms of control & security. As a result, it sees widespread utilization in various settings, including command centres, data control centres, & operational rooms in the military, banking, government, & enterprise sectors, among others.

Specifications

HDMI version	HDMI 1.3
HDCP version	HDCP1.4
Video bandwidth	≤20Mbps
HDMI resolution supported	640*480@60Hz, 800*600@60Hz, 1024*768@60Hz, 1280*720@60Hz, 1360*768@60Hz, 1440*900@60Hz, 1400*1050@60Hz, 1680*1050@60Hz, 1920*1080@60Hz
Audio support	PCM (44.1KHz, 48KHz)
HDMI connector	Type A ,19 pin, Female
LAN connector	RJ-45
Operation temperaure	-10°C ~ 60°C
Relative humidity	10-95% (Noncondensing)
Protection	Lightning Protection, Surge Protection, ESD Protection
Power Consumption	TX<3.5w RX<3.5w
Dimensions	109.6(L)x89.5(w)x26.3(H)mm*2pcs
Weight	TX:240g, RX:240g
Colour	Black
