## PT8012 8 Outlet Surge Protected Powerboard with Television and Telephone Surge Protection \$20,000 Connected System Warranty

The Jackson (Model PT8012) is an ideal solution suited to both Home Entertainment and Computer Systems. Featuring 8 surge protected outlets to power and help protect your valuable electronic equipment from damaging power spikes. Includes additional surge protection for your internet / telephone line as well as TV antenna / Pay TV set top boxes. The 4 spaced power outlets will provide additional space to accommodate bulky power packs and chargers.

LED indicator lights will confirm the status of surge protection, earth / grounding and power availability through a large master switch. The PT8012 also includes a \$20,000 Connected System Warranty which provides cover for certain equipment damaged as a result of an electrical power surge whilst that equipment is properly connected to a Jackson Industries Surge Protected Powerboard.

### Features:

- 8 Power Outlets
- 4 Spaced Sockets
- Surge Protection
- Circuit Breaker
- Slimline Design
- Spaced Socket for Plug Packs
- Screw Slot Mounting
- Right Angle Plug

### Barcodes:

APN/EAN: 9318054080123  
 TUN INNER: 59318054080128  
 TUN OUTER: 19318054080120

### Product information:

Voltage	240VAC~ / 50Hz
Current	10A (Max.)
Power Rating	2400 Watt (max)
Protection Mode	Active, Neutral, Earth
Power Surge Current	18,000 Amps
Surge Protection	MOV (Metal Oxide Varistor)
Energy Absorption (outlets)	700 Joules
Energy Absorption (phone line)	350 Joules
Energy Absorption (F Connector)	Gas Tube Arrestor
On/Off Switch	Blue illuminated
Response Time	<20 ns
Indicator Warning Lights LED	Protected / Grounded
Filtration Protection:	RFI/EMI
Lead Length	1.8 Metre
