

# High Fidelity Audio Immersive On-Ear Wireless ANC Headphone

Immerse yourself in the music with the unmatched sound quality of TrueBeats. Connect your headphones wirelessly via Bluetooth or 3.5mm AUX cable and stream your favorite tracks. TrueBeats comes with active noise cancellation technology so that you can enjoy your music without any interruption. With a music playback time of up to 20 hours, TrueBeats is indeed made for music lovers.

## Features

- Keep the noise on the outside away with Active Noise Cancelling.
- Take crystal clear calls using the ultra-sensitive built-in mic and also control music with the touch of a button.
- Ergonomically designed headphones with adjustable headband and padded ear cups provide extreme comfort.
- Experience a new wave of sound with the powerful and dynamic sound drivers with thumping bass.
- TrueBeats' powerful 520mAh battery provides music playback time of up to 20 hours with standby time of up to 50 hours.
