10Gbps USB-C to USB-A Adapter (A1048ABK)

Supports Data Sync & 2A Fast Charging

Description:

Unlock the full potential of your devices with the UNITEK 10Gbps USB-C to USB-A Adapter. This innovative accessory seamlessly transforms a USB-C port into a USB-A port, allowing you to connect a variety of USB-A peripherals to your existing devices with ease.

Product Features:

- **10Gbps High-Speed Data Transfer:** Achieve data syncing speeds of up to 10Gbps with a USB 3.2 connection, along with up to 2A of power output for fast charging. This adapter delivers exceptional data transfer and charging performance and is backward compatible with USB 3.0 (5Gbps) and earlier versions.
- **Durable and Space-Saving:** Constructed with Zinc Alloy casing and equipped with built-in protection circuits, this adapter guarantees safe and efficient charging. Its compact design saves space, making it an ideal travel companion.
- **Wide Compatibility:** UNITEK 10Gbps USB-C to USB-A Adapter is widely compatible with computers and laptops featuring USB-C ports. The USB-A female port works seamlessly with USB-A enabled devices, including hard drives, smartphones, tablets, and accessories, etc.
- **Plug and Play:** Enjoy effortless setup with no drivers required—simply connect and start using your devices right away!
