USB-C Cable

Unleash unprecedented driving convenience with the MagDrive-R, your ultimate 15W MagSafe compatible wireless-charging car mount designed for seamless on-the-go power. Whether mounted on your AC vent, dashboard, or windshield, its retractable USB-C cable can be conveniently adapted to your preferred length, ensuring a neat, clutter-free experience. Featuring quick and secure mounting with N52 rare earth magnets and an innovative anti-shake design, the MagDrive-R promises a steady hold and effortless 360° cradleless rotation for optimal viewing angles. Crafted from durable materials and built with advanced safety features like Foreign Object Detection (FOD), over-charging and over-heating protection, MagDrive-R redefines reliability and performance in wireless in-car charging. Drive with confidence and stay powered up, always.

15W MagSafe Compatible

Experience rapid and efficient charging with MagDrive-R's 15W power, optimized for all MagSafe-enabled devices.

Versatile Mounting Options

Attach your MagDrive-R to the AC vent, dashboard, or windshield with ease, adapting to your preferred setup.

Retractable USB-C Cable

The integrated cable allows you to adjust its length for your convenience, keeping your space clutter-free while powering your wireless charger.

Secure Magnetic Alignment

MagDrive-R Utilizes N52 rare earth magnets for a quick and secure hold, keeping your device stable even on rough terrain.

FOD for enhanced Safety

Advanced FOD technology ensures safety by detecting foreign objects and preventing potential charging hazards.

Multi-Protection System

MagDrive-R Features over-charging and over-heating protection to keep your device safe and extend its battery life.

360° Cradleless Design

The cradleless design allows you to set your music in portrait mode or use the navigation in landscape mode with ease.

Durable Construction

Made from high-quality Aluminium Alloy, the MagDrive-R is designed for longevity and robust performance in any environment.

Windshield Dashboard Mount

AC Vent Mount

Specifications:

- Input: 5V/2A, 9V/2A
- Wireless Charging Output: 5W/7.5W/10W/15W
- Efficiency: >75%
- Charging Distance: 5-8mm
- Wireless Charge Frequency: 110-205kHz
- Cable Length: 1m
- RF Output Power: <=20dBm

Packaging Content:

MagDrive-R, AC Vent Mount, Dashboard mount, 2X Metal Ring plates, User Guide.
