**DYNAMIX™**

19" Cat6 24-Port RJ45 1U Shielded Patch Panel

DESCRIPTION

Our DYNAMIX Cat6 24-Port shielded patch panel is colour coded for both T568A & T568B wiring providing the perfect solution for any voice or LAN application. For hassle-free connections, the patch panel offers straight Cat6 ports with 110-type termination, making it easy to insert & remove cables. The 24-port patch panel offers a quick & easy way to identify cable runs, with port numbers clearly marked on the back of each RJ45 port, plus a writeable/erasable marking surface for each port on the front of the panel provides an efficient management system.

FEATURES

- Colour coded for both T568A & T568B installs
- Terminated using 110-type punch tool
- Supports both Cat5e & Cat6 cables
- No special tooling required for mounting of cover (shielded type)
- Grounding using the enclosed earth connection cable (shielded types)
- Modular jacks are numbered on the front panel
- Backward Compatible to Category 5e, 5 or 3
- Easy Installation

Unit: mm
