USB4 90 Degree Right Angle Adapter (A1039GY)

240W Fast Charging. 40Gbps Data Transfer. 8K@60Hz Video Output for Laptops.

Description:

UNITEK USB-C adapter can avoid the wear of the cable and the input port of the device, enhance durability and prolong cable service life. Our adapter supports 240W charging and 40Gbps data transmission, with video output resolution up to 8K@60Hz.

Product Features:

- **PD 240W & 8K Video Display:** UNITEK USB-C male to female adapter supports Max 240W Fast Charging and 8K Video Display. It supports a maximum Power Delivery of 240W, so users can easily power up their iPads, MacBooks or other USB-C devices. When our product is use together with the USB4 Cable, it can support 8K@60Hz HD video & audio output, enabling users to enhance their experience in gaming/ graphics needs.
- **40Gbps Data Transfer:** This USB Type-C adapter is compatible with USB4 technology and supports 40Gbps data transmission speed. Users can transfer movies, music and more in just seconds. Please note that the data transmission speed depends on the USB devices and the cable compatibility.
- **Unique L-Shaped Design:** This all-in-one USB-C extension adapter features a unique L-shaped design, which can address the issue of limited space and extend the lifespan of the product effectively.

Note: It may not work properly when our product is connected with phones, Steam Deck, or tablets that have a protective case or cover. For such cases, please remove the case to solve the issue.

Note: For better experience, it is recommended to use 0.8M full-featured cable or under.
