 **Anti-Distracted Driving**

Experience the future of effortless phone mounting with Promate's ArcMount, an innovative and unique mounting solution designed to stick securely to curved surfaces. Say goodbye to complicated setups and hello to seamless integration with our MagGrip™ Magnetic Phone Holder. Featuring 20 powerful N52 Neodymium Magnets, it ensures unparalleled grip and stability for your device. Our Quick Alignment technology, combined with adjustable mounting feet that contour perfectly to any curved surface, guarantees swift and secure installation. Thanks to ArcMount's cradleless design and secure mounting, your dashboard stays clutter-free so you can drive with confidence and without distractions. Welcome to the new era of in-car mounting with ArcMount – keeping your device stable and secure through every twist and turn.

MagGrip™ Magnetic Phone Holder

Enjoy secure attachment with powerful N52 Neodymium Magnets, ensuring your device stays in place even on bumpy and twisty roads.

Powerful N52 Neodymium Magnets

Experience unparalleled grip with 20 strong magnets, providing maximum grip and stability for your device.

Fits Any-Curved Surface

Versatile design featuring two adjustable mounting feet to ensure perfect alignment and adhesion with any curved surface, offering more flexibility in mounting locations too.

Easy Installation

Effortlessly install ArcMount for a reliable hold, providing peace of mind during your drive.

Dashboard Compatible

Designed to seamlessly integrate into your car dashboard, maintaining a sleek and clutter-free interior.

360° Cradleless Design

The cradleless design allows you to set your music in portrait mode or use the navigation in landscape mode with ease.

Distraction-free Driving

Stay focused on the road ahead with ArcMount's anti-distraction feature, promoting safe driving practices.

Made of Durable Materials

Constructed from high-quality materials including PC, ABS, alloy, and nylon, ensuring durability and longevity for your ArcMount.
