

High Definition **Metallic TWS** Wireless Earbuds with IntelliTouch

Autonomy

Feel thumping rhythm along with wireless freedom. The true wireless earbuds provide the best-in-class sound quality with touch sensors to keep music and calls under your control. In-built proximity sensors start playing music as soon as you put earbuds in your ears and stops when you take them out. When it comes to power, Autonomy never lets you down by providing 4 hours of playtime and 30 hours more from the wireless charging case. Bluetooth v5.0 and built-in high-res microphone provide for stable connectivity and clearer conversations. The earbuds automatically pair with your device when taken out of the case.

— Features —

- Experience true wireless stability with Bluetooth v5.0
- Stay connected all day long with Autonomy
- The built-in proximity sensors start playing music when you put the earbuds in your ears and stops when you take them out
- High-res microphone provides for the best calling experience
- Smart touch controls lets you control music and calls by just tapping on earbuds
- The earbuds boast a wireless charging case for a hassle-free charging experience
