3-in-1 USB-C Charging Cable (C14101AGY-1.5M)

Full-Speed Charging for 3 Devices via Lightning, Micro USB, and USB-C.

Cable Length	1.5M
Upstream	USB-C
Downstream	Lightning (Charging & Data 480Mbps) USB-C (Charging Only) Micro USB (Charging Only)
Colour	Black & Space Grey

Description:

UNITEK 3-in-1 USB-C Charging Cable includes Micro USB, USB-C, and Lightning connectors for versatile compatibility. It supports multi-device charging with safety power limits, ensuring efficient and reliable performance.

Product Features:

- **Lightning Connector:** Supports USB Power Delivery (PD) up to 20W and data sync, fully compatible with the latest iPhone models.
- **Fast Charging:** The USB-C connector supports fast charging up to 15W (5V3A), ensuring your devices power up quickly and efficiently.
- **Powerful Charging:** The Micro USB connector delivers charging up to 10W (5V2A), providing efficient power for your devices.
- **Smart Power Distribution:** During multi-device charging, power is limited for safety, allowing up to 5V3.5A. In this setup, the Lightning connector reserves 5V2.3A, while the remaining power is distributed among the other two connectors.
- **Durable Construction:** Tinned copper conductors feature a braided jacket and multi-layer shielding, providing exceptional durability and protection against wear and tear.
- **Airflow Design:** The aluminum exterior connectors feature an airflow design that not only enhances aesthetics but also ensures excellent finishing for optimal performance.

Pieces/ Carton:

100 pieces/ carton

Package Content:

1 x 3-in-1 USB-C Cable
