# PD 60W USB-C Charging Cable with LED Display (C14158ABK-1M/ 2M/ 3M)

## Nylon Braided USB-C Cable for Mobile/ Laptop Charging.

Description:

UNITEK PD 60W USB-C Charging Cable features a smart LED display that allows you to monitor real-time charging wattage, helping you stay informed about the charging speed of your devices. It also supports data transfer at speeds of up to 480 Mbps for added flexibility. This cable can consistently deliver up to 60W of charging power, making it suitable for even your most demanding iPhones, iPads, iPods, MacBooks, and other devices.

Product Features

- **Smart LED Display:** Equipped with a built-in intelligent chip, this cable displays the charging wattage status in real time.
- **Ultimate Durability:** Crafted with reinforced connectors and a dual-layer design, this USB-C to USB-C cable withstands bending and resists wear to prevent breakage. The high-quality nylon braided exterior ensures long-lasting performance, making it perfect for everyday use, gaming consoles like the PS5, Switch, and smartphones.
- **60W Fast Charging:** Supports a maximum charging power of 60W (20V/3A). When connected to a 60W or higher USB-C power charger (not included), it provides stable power and achieves the maximum output of 60W.
- **Data Transfer In Seconds:** This USB-C fast charging cable offers data transfer speeds of up to 480 Mbps with the USB 2.0 standard. (Note: Does not support video output.)
- **Wide Compatibility:** Compatible with USB-C devices, including smartphones, tablets, and laptops. It works with the iPhone 15 series or above, Samsung Galaxy, Google Pixel, Nintendo Switch, and MacBook Air, providing a better charging experience in any situation.

**Note:** The display module shows only charging power, not voltage or current
