

COAST DUAL POWER RECHARGEABLE LED TORCH

Pack bold lighting power wherever work takes you. A small but mighty workhorse in our XP series of professional flashlights, the COAST XP9R delivers brightest-in-class light—peaking at 1000 lumens—with three output modes and multi-beam capability.

Featuring Rechargeable Dual Power technology, this flashlight is powered by a COAST ZITHION-X™ rechargeable battery (charging cable included) but can also run on CR123 lithium batteries (purchased separately).

Patented SLIDE FOCUS® optical technology ensures you can meet the moment with flawless transitions between Ultra View Flood Beam and BULLS-EYE™ Spot Beam.

LENGTH	130 mm / 5.12 inches	WEIGHT	5.60 oz / 160 g

BUILT IN USB-C PORT

With a built-in USB-C port, your battery can be charged using a USB-C cord. Some COAST models can be charged both inside or outside the light.

RECHARGEABLE DUAL POWER

Each COAST Rechargeable-Dual Power product comes with a ported ZITHION-X™ rechargeable battery or a non-ported ZITHION™ rechargeable battery.

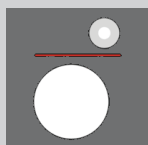

DUST RESISTANT

Take on any dirty work environment with this dust resistant light.

SLIDE FOCUS

One-handed beam control. COAST's SLIDE FOCUS® system enables you to seamlessly transition between spot and flood beam with the push or pull of your finger.

PURE-BEAM FOCUSING OPTIC

Pack two powerful beams into one and seamlessly transition - with no halos or hot spots - between short and long-range viewing.

WATER RESISTANCE

Don't worry about the weather. COAST lights that have passed the IP54-level resistance tests are splash-resistant and built with durable materials.
