Description:

The UNITEK USB-C Foldable Laptop Stand with Docking Station combines style and functionality. It offers a single 4K@60Hz monitor output, 2 x USB-A 5Gbps ports, and 1 x USB-C 5Gbps port for fast data transfer. With Power Delivery (PD) up to 100W and an SD/Micro SD card reader, this compact 7-in-1 dock keeps your devices charged and connected, making it an essential accessory for productivity on the go.

Product Features:

- Ergonomic & Human-Friendly Design:** This laptop stand features a 9-level adjustable height (20-60°) for comfort. The triangular structure enhances stability, while non-slip silicone pads grip your laptop securely. The forward-tilt angle and open design promote airflow, preventing overheating and ensuring optimal performance.
 - 4K HDMI UHD Visual Feast:** The UNITEK USB-C Foldable Laptop Stand with Docking Station extends a single 4K@60Hz (3840x2160) display via the HDMI port, ideal for UHD image and video output tasks.
 - SuperSpeed Data Transfer:** Experience data transfer speeds of up to 5 Gbps across three USB ports (USB-A x 2, USB-C x 1), enabling quick file transfers and seamless integration of peripherals. The SD/Micro SD USB 2.0 card slots provide convenient data storage solutions.
 - 100W Power Delivery:** This Foldable Laptop Stand with Docking Station features a USB-C pass-through PD charge port that supports up to 100W power input and provides 90W charging. It can also transmit data while not charging.
- Note:** The SD/ Micro SD card slots do not support simultaneous read and write operations when both cards are inserted. The card reader's slot is not a spring-loaded design; it uses a standard insert-and-remove mechanism.
