## KEY FEATURES

### Exclusive Organization:

6 card slots, a coin pocket, a compartment for banknotes, and a hidden card slot - perfectly organized for your demanding day.

### No Fear of Data Theft:

Protect your cards from unauthorized scanning. Our wallet is equipped with RFID protection to safeguard your data. All cards inside are shielded from unauthorized access.

### A Closure You Use More Often Than You Need It:

A magnet that's fun and won't damage your cards! It ensures a slim profile and can be easily opened and closed with one finger.

### No Need to Dig for Your Most Used Bank Card:

The front card slot on the outside is our fast-payment slot - ideal for your most frequently used bank card, so you can make contactless payments without taking the card out of the wallet.

Attracts Attention - But Only in Your Hand! In your pocket, it's flat and with a weight of 120 grams, you'll hardly notice it. Made from high-quality, durable leather in combination with robust and lightweight ECO RPET inside.
