

15W FlexiGrip™ MagSafe Compatible Qi2 Wireless Charger

FlexDrive-Qi2

TRI-PIVOT Design

Windshield Dashboard Mount

Elevate your driving experience with Promate's FlexDrive-Qi2. Engineered with the cutting-edge FlexiGrip™ Qi2 technology, this charger delivers a powerful 15W MagSafe-compatible charging for your devices. Its flexible dual ball joint design and adjustable arm mount offer unmatched adaptability, ensuring easy alignment and cradleless 360° rotation for optimal viewing angles. Enjoy secure mounting even on bumpy roads, while advanced over-charging, overheating protection, and Foreign Object Detection (FOD), ensure rapid power delivery while maintaining a Maximum level of safety. To be Qi Certified, FlexDrive-Qi2 went through rigorous testing for safety and interoperability, ensuring peace of mind with every charge. Plus, it even works with non-MagSafe iPhones and Android phones thanks to the included MagSafe metal ring adapter.

FlexiGrip™ Qi2 Wireless Car Charger

Experience seamless wireless charging with FlexDrive-Qi2 advanced FlexiGrip™ Qi2 technology, ensuring a secure and stable connection.

15W MagSafe Compatible

Enjoy fast and efficient charging with 15W MagSafe compatibility, perfect for keeping your devices powered up on the go.

Qi2 Certified

FlexDrive-Qi2 proudly bears the official Qi2 certification, guaranteeing ultra-fast 15W wireless charging across iOS & Android devices.

Flexible Dual Ball Joint Design

Achieve the perfect viewing angle with the flexible dual ball joint design, offering unparalleled adaptability

Adjustable Arm Mount

Easily mount your charger on the windshield or dashboard with the adjustable arm mount, ensuring convenience and versatility.

Windshield and Dashboard Compatible

Mount the FlexDrive-Qi2 securely on either the windshield or dashboard, providing versatile placement options.

Cradleless 360° Design

The cradleless design allows you to set your music in portrait mode or use the navigation in landscape mode with ease.

Quick and Secure Alignment

Achieve optimal charging performance with secure mounting, featuring 17 powerful N52 magnets for a firm grip and quick device alignment every time.

Multi-Safety System

Advanced Foreign Object Detection (FOD), over-charging and overheating protection safeguard your devices, ensuring safe charging every time.

Specifications:

- Input: 5V/3A, 9V/2.22A
- Wireless Charging Output: 5W/7.5W/15W
- Efficiency: 81%
- Charging Distance: <6mm
- Wireless Charge Frequency: 128kHz-360kHz
- Cable Length: 1m
- RF Output Power: <=20dBm

Packaging Content:

- FlexDrive-Qi2,
- 1M USB-C Cable,
- 2X Metal Ring plates,
- User Guide.
