MagHalo

Introducing Promate's MagHalo, a game-changer in mobile lighting. Designed for photographers and videographers, this ultra-slim, lightweight LED light integrates seamlessly with MagSafe technology, attaching effortlessly to your phone. Its 180° flip capability ensures perfect positioning for selfies and portraits. With three lighting modes—White, Warm, and Natural—the MagHalo provides ideal lighting for any scenario. Engineered with a strong N52 magnet and a high-capacity 300mAh Li-Polymer battery, it offers excellent battery life and reliability. Whether used with a smartphone or selfie stick, the MagHalo delivers unmatched versatility and performance. Plus, the included 20cm charging cable makes staying powered up convenient. Elevate your photography and illuminate your creativity with the MagHalo—where innovation meets perfection.

### Ultra-Bright LED Ring Light

Promate's MagHalo revolutionizes mobile photography with its ultra-bright LED ring light, perfect for crystal-clear photos and videos on smartphones and selfie sticks.

### MagSafe Compatible

Effortlessly snaps onto your device with MagSafe compatibility, ensuring a secure fit every time.

### Strong Magnetic Attachment

Equipped with a powerful N52 magnets, the MagHalo stays firmly attached to your device, providing stability and reliability during use.

### Long-Lasting Battery Life

With its high-capacity 300mAh Li-Polymer battery, the MagHalo ensures uninterrupted lighting for extended photoshoots.

### Three Dynamic Lighting Options

Switch between three adaptable LED light modes – White, Warm, and Natural Light – for perfect illumination in any setting.

### 180° Flip Capability

Rotate the MagHalo up to 180 degrees for perfect lighting, whether taking selfies or using it as a flashlight for your rear camera.

### Sleek and Portable Ring Design

Crafted with an ultra-slim, lightweight ring design, the MagHalo is easy to carry and comfortable to use for prolonged periods.

### Convenient Charging Cable

Includes a 20cm charging cable for hassle-free recharging, so you can stay powered up on the move.
