MagHold-90

Universal
for All Phones

The MagHold-90 by Promate redefines the driving experience with its SecureGrip™ Car Monitor Phone Holder, offering unparalleled stability and ease of use. This premier product to the market features military-grade N52 magnets and MagSafe compatibility, ensuring your phone stays firmly in place on car monitors ranging from 7 to 14.6mm. The 360° rotation adjustment and high telescoping capability allow for seamless angle changes, enhancing visibility without obstructing the monitor. Its cradleless design, combined with silicon-protected brackets for anti-shaking and extra stability, keep both your phone and car monitor secure. Built from durable materials, the MagHold-90 combines innovation and practicality for a safer, more convenient drive. Drive with confidence and clarity, knowing your phone is secure and easily accessible.

SecureGrip™ Car Monitor Phone Holder

Promate's MagHold-90 SecureGrip™ technology ensures your phone stays firmly in place. This unique holder clips securely to your car monitor, offering unmatched stability and reliability.

MagSafe Compatibility

The MagHold-90 seamlessly integrates with MagSafe devices, using military-grade N52 magnets for an exceptionally strong hold. Your phone stays stable and secure, even on bumpy roads.

Versatile Car Monitor Compatibility

Designed to fit a wide range of car monitors from 7 to 14.6mm in thickness, ensuring versatile compatibility with various vehicles.

360° Rotation

Enjoy complete flexibility with the MagHold-90's 360° rotation and high telescoping adjustments. This feature allows for multiple angle changes, ensuring optimal visibility without blocking your monitor.

Cradleless Design

Eliminate clutter and distraction with the sleek, cradleless design, providing a minimalist and efficient mounting solution.

Anti-Distracted Driving

Stay focused on the road with Promate's MagHold-90's anti-distraction design. The secure and stable phone holder, supported by silicon-padded brackets, ensures stability without obstructing visibility, enhancing safety and convenience while driving.

Durable Construction

Crafted from high-quality aluminum alloy, ABS, and PC, the MagHold-90 is built to withstand daily use while maintaining a stylish appearance.

Specifications:

Product Dimensions: 75mm x 82mm x 149mm
Product Weight: 175g
