MagHoop-Lite

N52
POWERFUL
MAGNETS

Meet MagHoop-Lite, our innovative Magnetic Car Mount – a pinnacle of sophistication. Meticulously crafted from premium zinc alloy, this compact design offers a 360° bottom rotation, reinforced by robust N52 magnets for unparalleled strength and reliability. Unbox convenience with one car mount and two metal ring plates included enhancing your driving experience with cutting-edge technology and sleek design

Perfectly Aligned Attachment

Elevate your drive with N52 magnets ensuring quick, secure attachment for a reliable hold through bumps and turns, providing a distraction-free journey

Compact Efficiency

Experience an ultra-compact design that provides a secure and space-efficient phone mount for your car with MagHoop-Lite

Optimal Viewing Angles

Enjoy flexible and adjustable positioning through a 360° rotatable design, ensuring optimal viewing angles throughout your journey

Distraction-Free Mounting

Achieve distraction-free driving with easy and secure mounting directly on your windshield or dashboard, allowing focused attention on the road

Cradleless Versatility

Embrace cradleless design, effortlessly enabling portrait or landscape mode usage for tasks like setting music or navigating the roads

Note: It will take 24-36 Hours for the 3M adhesive to secure.
