Extendable Magnetic

Qi2 Certified

Wireless Smartphone Charging Mount

MagSafe 15W

Compatible

Wireless Charging

Designed for Any Surface

Monitor/Car Screen

Dashboard & Desk

Enhance your setup with the Promate MagMate-1, where cutting-edge technology meets sophisticated design. This Qi2-certified magnetic phone charging mount provides 15W MagSafe-compatible charging while ensuring secure and precise alignment. Engineered for dashboards and LCD screens, its rotatable and extendable swing arm offers effortless adjustability and optimal viewing angles. The cradleless 360° rotatable design combines convenience with accessibility, while the durable metal alloy construction ensures reliability. Equipped with a multi-safety system and foreign object detection, the MagMate-1 prioritizes safety and efficiency. Complete with a metal ring adapter for universal compatibility, it sets a new standard for in-car charging solutions.

Effortless Magnetic Alignment

Enjoy precise and secure charging with Qi2-certified magnetic alignment, ensuring seamless connectivity for your MagSafe-compatible devices.

15W Fast MagSafe Charging

Experience ultra-fast 15W wireless charging designed to keep your devices powered up during every journey.

Dashboard and LCD Screens Compatibility

Easily mount the charger on car dashboards or LCD screens for versatile and secure placement.

Adjustable Swing Arm Design

The rotatable and extendable swing arm offers customizable viewing angles, ensuring maximum convenience on the go.

360° Cradleless Rotation

Access your device from any angle with a cradleless 360° rotatable mount that combines flexibility and stability.

Robust Metal Alloy Build

Built with durable metal alloy, the MagMate-1 ensures long-lasting performance and a sleek, premium look.

Comprehensive Safety System

Equipped with a multi-safety system, including overcharging and overheating protection, for a worry-free experience.

Foreign Object Detection (FOD)

Smart FOD technology prevents charging interruptions and ensures device safety by identifying incompatible metallic objects.

Secure Mounting

Enjoy peace of mind with a secure mounting system that keeps your phone stable even on rough roads.

Specifications:

Input Rating: 5V/3A, 9V/2.4A	Wireless Charging Efficiency: 73%
Wireless Charger Output: 5W/7.5W/10W/15W	RF Output Power: <=20dBm
Wireless Charging Distance: 4mm	Cable Length: 1m
Wireless Charging Frequency: 360KHz	

Packaging Content:

- MagMate-1
- USB-C to C Charging Cable
- Metal Ring plate
- User Guide
