Effortlessly blend comfort and functionality with Promate's MagView, a 360° flexible neckband phone mount designed for the ultimate hands-free POV vlogging experience. Its MagSafe-compatible mounting system ensures seamless alignment, powered by ultra-strong N52 rare earth magnets for a secure hold of your phone during any activity. Built with durable Silicone and premium Aluminium alloy, MagView delivers both reliability and a sleek aesthetic. The ergonomic design ensures all-day comfort, making it perfect for video calls, content creation, or following your favourite navigation apps. Elevate your hands-free perspective with a mount that adapts to your every need, keeping your phone securely in view wherever life takes you.

360° Flexible Neckband:

Enjoy unparalleled versatility with a fully adjustable neckband that offers a complete 360° range of motion for the perfect viewing angle anytime, anywhere.

Hands-Free POV Experience:

Keep your hands free for multitasking, content creation, Streaming workout routines, Vlogging or even Video Calls while maintaining a stable and immersive point-of-view experience.

MagSafe-Compatible Mounting:

Seamlessly snap your device into place with MagSafe compatibility, ensuring precise alignment and secure attachment every time.

Lanyard for Extra Safety:

Includes a secure lanyard attachment to provide an added layer of safety, ensuring your device stays within reach and protected from accidental drops.

Enhanced Stability with an Extra Belt:

It comes with an adjustable belt that can be integrated with the MagView and wraps around your body, offering superior stability and balance for worry-free use during active movements.

N52 Rare Earth Magnets:

Experience unmatched magnetic strength with N52 rare earth magnets, delivering superior hold and stability, even during active use.

Durable Build:

Crafted from premium Silicone and Aluminium alloy, the MagView combines durability and light-weight comfort for long-lasting performance.

Ergonomic All-Day Comfort:

Designed to fit naturally around your neck, this mount provides all-day comfort for extended use without strain or discomfort.

Immersive First-Person-Point-of-View Experience
