Description:

UNITEK SD4.0/ Micro SD 4.0 card reader adopts the latest UHS-II SD card slot that supports data transfer up to 312 MB/s, triple speed than SD/ Micro SD 3.0 slot.*

Product Features:

- **Type-C/ Type-A 2-in-1 Design:** UNITEK 2-in-1 USB-C/ USB-A connector design, UNITEK SD/ Micro SD 4.0 card reader is compatible with both USB 5Gbps or the latest USB-C hosts (Also works with Thunderbolt 3/ 4 devices).
- **Dual Card Slot:** Includes both SD and Micro SD card slot, making it easy to transfer, copy, or save your files. The Spring loaded Micro SD card slot makes it a breeze to insert/ take out memory card.**
- **High-Speed Data Transfer:** Equipped with a USB 5Gbps port, this UNITEK card reader ensures high-speed data transfer and is ideal for transferring high-resolution images, HD videos, music files, etc.
- **Plug & Play, Easy To Use:** Bus-powered, Plug & play with no drivers and no extra power supply required. Compatible with Windows 7/ 8/ 8+/ 10/ 11, MacOS, Linux, Android and iPad OS.
- **LED indicator:** LED lights to keep users informed about working status at all times.

*Actual speed of data transfer speed depends on the memory card and USB slot type

**Spring loaded mechanism is available for Micro SD card slot only
