# SolidForce Reefer TurboCool (S1242AGY)

USB4 40Gbps M.2 SSD Enclosure with Cooling Fan. Supports M/ B&M Key NVMe/ PCIe SSDs.

Dimensions	103.7mm x 50.5mm x 20.2mm
Upstream	USB4 40Gbps
Downstream	Read speed: 3800MB/s Write speed: 3800MB/s
Supports SSD Sizes	2242/ 2260/ 2280
Cable Length	15cm
Material/ Colour	Aluminium Alloy/ Space Grey

Description:

Introducing UNITEK USB4 40Gbps M.2 NVMe Enclosure: Your ultimate high-speed storage solution. It supports speeds up to 40Gbps with read/write speeds around 3800Mbps. Designed with a cooling fan for optimal performance, this enclosure ensures stable operation during intensive tasks. Compatible with USB4/3.2/3.1/3.0/2.0 and Thunderbolt 4/3, it's ideal for gamers and content creators.

Product Features:

- 40Gbps High Speed Data Transfer:** Equipped with a USB4 port, the UNITEK M.2 enclosure offers lightning-fast data transfer speeds of up to 40Gbps for PCIe NVMe SSDs, achieving read and write speeds of up to 3800MB/s.
- Effective Heat Dissipation:** Excessive heat can transfer away from the SSD with the included silicon thermal pad, preventing overheating that may slow down data transfer performance.
- Comprehensive Cooling System:** The cooling fan activates automatically when the temperature exceeds 45°C. The built-in cooling fan and heat dissipation holes in the aluminum alloy housing ensure optimal heat dissipation, providing stable and smooth data transfers.
- Wide Compatibility:** USB4 40Gbps M.2 SSD Enclosure supports M Key and B&M Key PCIe/NVMe SSDs with a maximum capacity of at least 8TB in sizes 2242, 2260, and 2280. With a USB-C connection, it is compatible with Windows, macOS, Android, and iOS.
- LED indicator:** The white LED indicator shows power status and data transfer activity (flashing).
- Plug and Play:** This portable enclosure fits easily into a pocket or briefcase, offering extensive storage on the go. It supports plug-and-play without requiring additional drivers.

Package Contents:

1 x USB4 40Gbps M.2 SSD Enclosure; 1 x 15cm USB-C to C cable; 1 x Silicon Thermal Pad, 1 x Aluminium Heat Exchanger; 1 x Mini Screwdriver; 2 x Screw Parts; 1 x User Manual.

Pieces/ Carton:

20 pieces/ carton
