VistaCam

VistaCam by Promate brings your online experience to life with stunning 2K Ultra HD resolution thanks to its 5.0MP camera and advanced SONY sensor for crystal-clear detail. The integrated 5.5" ring light, with 36 LEDs offers three lighting tones - warm, day, and white light in three brightness levels, thus ensuring flawless lighting in any setting. Capture every detail with its 90° wide-angle autofocus lens, while dual omnidirectional microphones with noise cancellation provide exceptional sound clarity and detail. A detachable, extendable tripod adds versatility, reaching up to 71.6cm for easy positioning, while a magnetic privacy cover ensures your moments stay private. Step into the world of vibrant clarity and precision with VistaCam by Promate.

Stunning 2K Ultra HD Clarity

Experience sharp, lifelike video quality with VistaCam's 2K Ultra HD resolution, powered by a 5.0MP lens for vibrant clarity in every call.

Integrated 5.5" Adjustable Ring Light

Light up your workspace with 36 LEDs and three lighting tones—warm, day, and white—plus adjustable brightness to suit any environment.

Wide 90° Autofocus Lens

Capture more of your surroundings with the 90° wide-angle lens, designed to keep you in focus and make every detail crystal clear.

Advanced SONY Sensor

Equipped with a 1/2.8-inch SONY sensor, VistaCam ensures superior light sensitivity, perfect for crisp, natural visuals in any lighting.

Dual Noise-Cancelling Mics

Built-in omnidirectional microphones with noise cancellation capture clear, immersive audio, free from background disturbances.

Detachable & Extendable Tripod

With an extendable tripod reaching up to 71.6cm, position VistaCam exactly where you need for the perfect view, whether on your desk or at a distance.

Magnetic Privacy Cover

Ensure your privacy with a magnetic cover that snaps securely over the camera lens, offering peace of mind between uses.
